“We understand that sometimes an organisation just needs to get up and running, and not go crazy on budget - whilst still looking good!”

“The Verve ‘Extra Sensible’ range is perfect. There’s a lot of really rubbish furniture out there online - and we simply won’t sell it. We don’t want our customers to buy it either. We prefer having happy customers.”

“We’re genuinely furniture experts, so we’ve chosen some of our products that really balance price and quality brilliantly. We’ve even managed to include some British made ranges to support British factories and reduce environmental impact.”

What do you get?

- **Sensibly priced - heavily pre-discounted**
- **Bulk order discounts - no need for awkward haggling**
- **In stock, or available quickly**
- **Commercial quality (not low domestic grade)**
- **Nett prices - what you see is what you pay**

Any limitations?

- **Full payment with order - no credit terms**
- **One floorplan design, with one revision**
- **Smaller choice of colours**
- **Most are priced for self assembly (ask about our assembly service though!)**
- **All prices are excluding VAT, delivery and installation.**
- **Everything you see is offered in accordance with our terms and conditions, which you’ll find in full on our website.**

Cost effective doesn't need to be boring!

From £94
