You're in good hands.

INTRODUCTION

iBench, Imperials premium bench product offers total functionality. With a choice of 3 leg designs, fixed or sliding tops, 600mm and 800mm depths and 3 trim finishes, iBench is ideally suited for the modern day office.

IBENCH

The hoop leg design offers a stylish alternative to the contemporary goal post leg. Available in a choice of 3 trim colours, the hoop leg is a popular choice for the modern day office.

Mocha desktops with a white under frame is a new, modern combination to add a fresh appearance to your office colour scheme.

iBench is available with sliding or fixed desk tops. A choice of cable ports or desktop scoop allows for various cable routing to suit all requirements..

The Style seating collection has a broad selection of task and operator chairs to perfectly complement your iBench solution.

The classic iBench goal post leg continues to provide the minimalistic bench look throughout the range. Adding variation with unique iBench storage creates a positive office environment.

iBench storage is manufactured with 25mm sides and allows for inset fascias and doors. This offers an optional alternative to standard storage products.

The 'A' frame leg offers an angular alternative to the goal post and hoop leg options. Add black trim creates a more prominent aesthetic appeal.

Individual desks are also available in 3 leg options. Choose between rectangular, single wave, double wave or a radial workstation. Cable trays and modesty panels can be added as an optional extra.

The introduction of iBench boardroom tables in each of the 3 leg designs provide a consistent theme throughout the office layout.

Third level storage can be fixed to the leg frame providing additional personal storage.

Mass cable risers can be fixed to the shared intermediate leg to conceal cabling. iBench frames are available with fixed and sliding desktops. Sliding tops with desktop scoops allow easy access to a shared cable tray.

Colours iBench Storage has been designed to give a two tone option to the range by offering the ability to add contrasting doors and fascias.

Cable Management is available through individual or shared cable trays, Power towers or mass cable risers.

CABLE MANAGEMENT

WE GUARANTEE A PERSONALISED APPROACH TO YOUR BUSINESS.

We're not just rolling out the same thing for every customer. Every business and project is different – and so the solution should be too.

WE GUARANTEE TO BE HONEST WITH YOU ABOUT THE OPTIONS FOR YOUR PROJECT, AND TO BE STRAIGHT WITH YOU.

We won't resort to saying just anything to simply close a sale. We will always tell you if we think a budget, timescale or scale of a project could be problematic. We will always offer brilliant solutions and options as well. Whilst we are definitely problem solvers and creative thinkers – we just won't mislead our customers. We take a long term view of the relationship and not short term gains.

WE GUARANTEE COMPLETE CONFIDENTIALITY ABOUT YOUR PROJECT.

We don't share information on projects with anyone outside of Verve. This includes sensitive internal projects – and we operate with discretion and integrity.

WE GUARANTEE TO OPERATE WITH INTEGRITY, AND RESPECT YOUR BUSINESS.

Essentially, that we will be mindful of your best interests. We will respect your budgets – large or modest – and work to ensure you get the best long term value for your business.

WE GUARANTEE THAT WE WILL NOT KNOWINGLY TAKE AN ORDER THAT WE CANNOT FULFIL IN THE TIMESCALE AGREED AT POINT OF ORDER

Sadly, we've lost orders to some competitors who promise to deliver furniture quicker than it is possible to do so. We have often spoken to a manufacturer and they cannot physically make the furniture in the timescale demanded – and we're honest about it. Other companies have knowingly misled the customer to get the order knowing they'll delay it later. We will never do that. We'd rather not lose the order – but we won't win it on a lie.
